

Press Release

STAPLES Canada adds iGo(R) Power Management Solutions to its Shelves

SCOTTSDALE, Ariz.--(BUSINESS WIRE)--Nov. 5, 2009-- iGo (Nasdaq: IGOI), a leading provider of power management solutions, today announced that STAPLES Canada is now offering iGo products in more than 300 of its stores. iGo products offer a solution for managing the power needs of every consumer, business owner, and business traveler – whether they need to charge multiple devices simultaneously, reduce their power consumption, or ensure they can power all of their most important devices when traveling internationally.

STAPLES Canada now carries the following iGo products:

- **iGo Laptop Wall Charger – Slim** – iGo's ultra-slim wall charger that powers virtually any model of laptop computer. The included USB cable also charges mobile devices such as mobile phones, MP3 players and more.
- **iGo International Travel Adapter** – an easy to use 4-in-1 international travel adapter for use in the Americas, the United Kingdom, Europe, the Middle East, Asia, Africa and many other regions. The built-in USB power port enables charging of all laptops, digital cameras, smartphones, MP3 players and more.

STAPLES Canada is Canada's largest supplier of office supplies, business machines, office furniture, and business services for the small business and home office customer. The company has over 13,500 employees serving customers through more than 300 office superstores, catalogue and e-commerce.

About iGo, Inc.

iGo, Inc., based in Scottsdale, Arizona, is a leading provider of power management solutions, including eco-friendly chargers for laptop computers, netbooks and mobile electronic devices (e.g., mobile phones, PDAs, digital cameras, etc.). All of these chargers leverage iGo's intelligent tip technology, which significantly minimizes electronic waste by enabling one charger to power/charge hundreds of brands and thousands of models of mobile electronic devices through the use of interchangeable tips. iGo is also the creator of a new, innovative patent-pending power saving technology that automatically eliminates virtually all wasteful and expensive standby or "vampire" power that is generated from chargers that continue to draw electricity when a mobile electronic device no longer requires charging or is disconnected from the charger.

iGo's products are available at www.iGo.com as well as through leading resellers and retailers. For additional information call 480-596-0061, or visit www.igo.com.
